EXPERIENCE

Kin + Carta | UX Designer (Contract)

Denver, CO | September 2021 - November 2021

- Collaborated with UX researchers and stakeholders
- Conducted usability reviews, identified UX issues, & proposed design recommendations
- Communicated and implemented technical strategies with cross-functional teams
- Created wireframes, prototypes, & HiFi mockups

Fuego UX | UX Designer (Contract)

Denver, CO | May 2021 - August 2021

- Worked on various projects from designing for a growing SaaS company to doing UX/UI for a zero-to-one product
- Conducted user interviews, created user flows, & mocked detailed designs
- Collaborated with other designers to ensure consistency with other features in the platform
- Designed new features for desktop and mobile

Coalfire | Product Designer

Westminster, CO | October 2019 - April 2021

- Worked closely with the product & leadership teams on product strategy & roadmap
- Analyzed quantitative data to inform design decisions
- Provided user flows, mockups, & other project deliverables to engineers & managed the implementation of features
- Created & maintained a symbol library to unify the design process

Levels Beyond | UX/UI Designer

Denver, CO | August 2016 - April 2019

- Worked cross-functionally to redesign the application, incorporating research & user-centered design
- Presented wireframes to stakeholders & made new design choices based on feedback
- Created fully functional prototypes for testing
- Built reusable components that scale with business needs & created a wiki guide
